A package to suit your requirements

To make things simple, we have created three inclusive packages to enable you to select the most appropriate one for your event.

EXECUTIVE PACKAGE

Our Executive package includes the option of either a two course plated lunch or hot and cold deli option.

The plated lunch is a great choice for group dining. Alternatively, the hot and cold deli option includes freshly cooked meat, fish and a vegetarian dish, carved and served by our Chef in front of your delegates, with a wide variety of breads, salads and fillings to accompany each choice.

This option allows your delegates to have an interactive and flexible experience and is sure to provide a talking point over lunch.

ESSENTIAL PACKAGE

This is designed for those events requiring only the essentials of a day delegate package and has fewer inclusions than our Classic package.

For a speedy lunch, or for those times when you need to work through, we include a fast track lunch with soup, a selection of freshly baked continental breads and wraps with a variety of fillings and a fresh fruit platter.

CLASSIC DAY DELEGATE PACKAGE

The Classic day delegate package is inclusive of the following:

- Seasonal fruit in the meeting room
- Flexible lunch options to include either a finger buffet or working/networking lunch
